This is one of 26 females in the entire breed that can say she has produced a son over 90" TTT. We sold her daughter at the Stockyards Sale in 2021 to Tim and Nikole Clark. This family of cattle has been very influential on the ranch. Her daughter is HR Rum Fizz and was 81.25" TTT @ 6.5 years old and is on her way to 90". We think she could be one of the most consistent producing cows in the breed. She had a heifer x PC40 in
